

TECHNICAL PARAMETERS

UNIT PARAMETERS		SSC 06	SSC 08	SSC 10	SSC 13	SSC 16
Cooling capacity	Btu/h	6000	8000	10000	13000	16000
Heating capacity	Btu/h	6500	8700	11000	13800	17600
Power source		230V/50Hz				
Input power (kW)	Cooling	0.51	0.74	0.78	1.01	1.17
	Heating	0.66	0.86	1.05	1.28	1.56
Amp Draw (A)	Cooling	4.5	3.3	6.8	8.8	10.5
	Heating	5.8	3.7	9.1	11.2	13.5
Air flow (m3/h)	High	380	420	500	580	730
	Middle	305	350	405	495	610
	Low	210	280	350	410	520
Refrigerant		R410A				
Dimension	Height	280	298	298	298	338
	Width	400	480	480	480	500
	Depth	238	285	285	285	315
Minimum air Duct Size (mm)		100	100	125	125	150
Minimum Return Air Grille Size (cm ²)		300	300	450	450	510
Minimum Supply Air Grille Size (cm ²)		750	750	800	800	1030
Drain Connection Size		DN20	DN20	DN20	DN20	DN20
Seawater pipe		5/8"	5/8"	5/8"	5/8"	5/8"
Net Weight (kg)		17.5	20	25.5	26.5	29.5

TYPICAL INSTALLATION

ACCESSORIES

MBC Marine also offers customers a wide range of accessories helping in selling and installing air conditioners.

COMPLETE YOUR BOAT COMFORT!

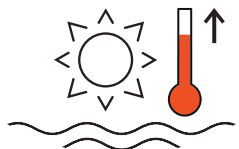

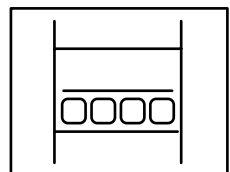

MBC Marine offers a wide range of marine air conditioners to keep your boat at the most a comfortable temperature!

SELF CONTAINED UNITS

THE FULL TOUCH-SCREEN CONTROL PANEL SUPPLIED AS A STANDARD WITH ALL MBC AIR CONDITIONERS ALLOWS YOU TO CREATE THE **IDEAL TEMPERATURE** IN THE CABINS WITH A SINGLE TOUCH.

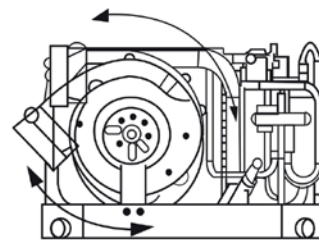

Thanks to its dual function each unit can be used throughout the year in the desired mode: cooling in the summer or heating in the winter.

Unique into the marine market, MBC Marine is proud to offer the built-in compressors in the models with a lifetime warranty; the remaining components of the unit come with a 2-year warranty in the EU.

Compact, uniform design and light weight.

For the easiest installation fan can be rotated.

- Dual, cooling - heating operation is a standard for all models.
- Pressure and temperature sensors ensure safety in all working conditions.
- Extra insulation against vibration and noise transmission.
- All metallic components are stainless steel (INOX - AISI 316) made
- Wide range of products, and accessories for installation allows the full customization of the air conditioning system

Environmentally friendly

High-performance fan provide low noise levels for pleasant cabin comfort in your boat.
